### FAR-Infrared Sauna Room Series

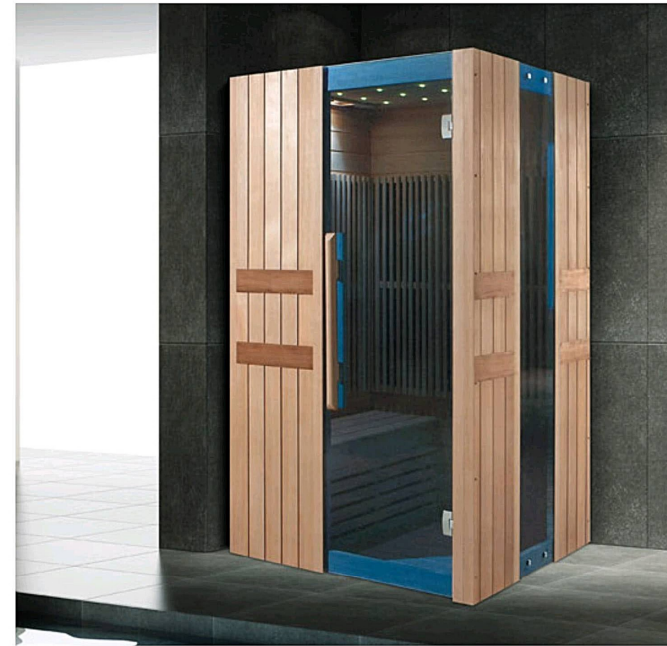

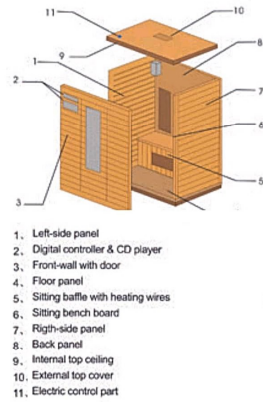

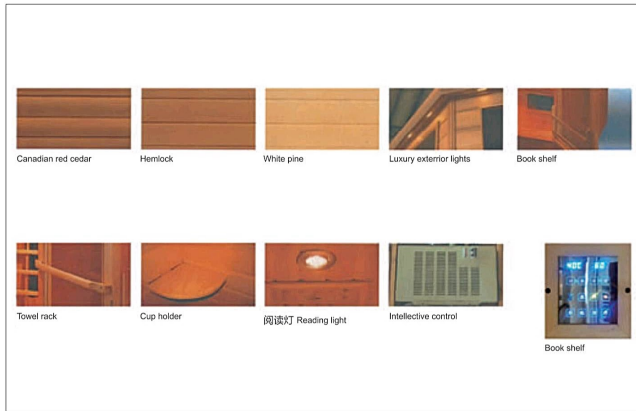

#### ► Working Principle

Our far infrared sauna is an integrated, multi-functional and deluxe facility for medicare and recreation, which incorporates the advantages of both and sauna all in one. The far infrared ray is 5.6–15 UM which close to the body's own radial that can be absorbed easily. The far infrared ray can penetrates 40mm deep into human skins, so the recipient could receive and infrared massage, making cell tissues resonant, accelerate blood circulation and eliminate the impurities, result in both biothermal effect and physical effect. Thus, health will be improve.

#### ► Advantages

- **Expel Toxins: Detoxification.** Toxins such as sodium, alcohol, nicotine, carcinogenic heavy metals (cadmium, lead, zinc, nickel) and mercury accumulate in the body during modern daily life. Infrared heat therapy stimulates the sweat glands to cleanse and detoxify skin.
- **Reduces Stress:** Infrared heat therapy loosens muscles and relaxes the body prior to a massage. Many massage therapists use infrared heat to provide much more through and effective treatment.
- **Benefit your Skin:** Infrared heat improves circulation, expel dirt chemicals and removes dead cells from surface of skin. All of these benefits lead to more soft and firm complexion. Reduces wrinkle associated with aging.
- **Control weight:** Perspiring is part of the complex thermoregulatory process of the body that increases the heart rate, cardiac output, and metabolic rate. The process requires a large amount of the energy and reduce excess moisture, salt and subcutaneous fat. Fat becomes souble water at 42°C when body awears out fats and toxins.
- **Pain relief:** FIR heat relieve pain by expanding blood vessels and increasing circulation. Better circulation allows more oxygen to reach injured areas of the body and helps reduce pain and speed up the healing process. Many people use FIR heat as a successful treatment for arthritis, muscle spasms and rheumatism.
- **Provide the same effects of exercise:** The heart receives a workout similar to a 20–30 minutes FIR sauna session and the body perspires the same amount as a 6 miles run. Infrared saunas are perfect for those who do not have time for regular exercise or suffer from injures that inhibit for rigorous activity.
- **Improve immune system:** Druing a fever, the body heats uo to eliminate viruses and attack foreign agents. Subsequently, the body wards off invading organisms much more easily because the immune system is activated consistently by the "artificial fever". Recent studies also show that colds and flu-like illnesses are reduced dramatically if treated in the carly stages with FIR haet therapy.
